

M. Waqas Zafar

Associate Software Engineer

📍 Lahore, Pakistan ✉ waqaszafar771@gmail.com ☎ +92 370 4072105

🌐 LinkedIn 🐙 GitHub 🌐 Portfolio

Summary

Software Engineer with hands-on experience building full-stack and mobile applications across the MERN stack, React Native, and Flutter. Proficient in REST APIs, integrating third-party services, and delivering responsive, performant UIs. Comfortable working across the entire development lifecycle, from database modeling and backend logic to frontend implementation and deployment. Familiar with AWS, CI/CD fundamentals, AI-automated development workflows, and technical SEO. Seeking an Associate Software Engineer or Full-Stack Developer role to contribute across the stack and grow within an engineering team.

Experience

Software Engineer – Web & Mobile Applications

Oct 2025 – Present

Lab 23 Technology, Lahore

- Developing and maintaining full-stack web and mobile applications using React.js, React Native, and Node.js REST APIs.
- Architecting frontend data flows and integrating complex third-party APIs across multiple products.
- Implementing technical SEO strategies including structured data, sitemap management, and Google Search Console indexing.
- Leveraging AI-powered development tools to accelerate debugging, code review, and feature delivery.

Frontend Engineer Intern

Jul 2025 – Oct 2025

Lab 23 Technology, Lahore

- Built responsive, accessible UIs using React.js and Tailwind CSS, consuming RESTful APIs via Axios and Fetch.
- Optimised component rendering and reduced unnecessary re-renders using memoisation and Context API patterns.

App Developer Intern

Aug 2024 – Oct 2024

Social Swirl

- Designed and shipped cross-platform mobile features using Flutter, integrating backend APIs and improving overall UX.

Projects

Zanderio AI *Intelligent Sales Agent Platform*

zanderio.ai

Built the React.js frontend for an AI-powered sales platform, integrated Strapi CMS for dynamic content management, connected APIs and email services, and drove technical SEO improvements that increased search visibility.

Rivendell Tech *Technology Services Website*

rivendelltech.co

Developed and deployed a professional technology services website with modern UI, responsive layout, and performance-optimised assets using React.js and Tailwind CSS.

Lahoriya *Product Launch Landing Page*

lahoriya.co

Built an SEO-optimised, animated landing page in React.js and Tailwind CSS for a product pre-launch campaign, achieving strong Lighthouse scores.

UnityStack *Full-Stack Developer Community Platform – Final Year Project*

GitHub

Designed and built a MERN-stack platform connecting senior and junior developers, featuring real-time Q&A, session management, and role-based access control.

Skills

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Bootstrap, Redux, Context API

Backend: Node.js, Express.js, REST API, JWT Authentication, Middleware Architecture

Mobile: Flutter, React Native (Expo)

Tools: VS Code, IntelliJ IDEA, Android Studio, Figma, Jira, ClickUp, Canva, Postman

Concepts: Full-Stack Development, System Design Basics, Performance Optimisation, Technical SEO, Responsive Design, AI-Automated Development

Soft Skills: Technical Communication, Agile/Scrum Collaboration, Problem Solving, Project Management

Education

Bachelor of Science in Computer Science

Oct 2021 – Jul 2025

Riphah International University, Lahore

Certifications

- AWS Academy Cloud Architecting — Amazon Web Services
- Site Reliability Engineering: Measuring and Managing Reliability — Google
- Introduction to Artificial Intelligence (AI) — Coursera
- Generative AI — Coursera
- Oracle Database Foundations — Coursera
- Building Dynamic Web Applications using PHP & MySQL — Coursera
- Ordered Data Structures — Coursera
- Object Oriented Programming in Java — Coursera
- Flutter Development Internship Certification — Social Swirl
